

Clarifying Formula

Salicylic acid remains the primary ingredient in this new clarifying solution. With the addition of aloe extract, patients with even the most sensitive, acne prone skin, now have an option that is both soothing and effective.

Ingredients: Water/Aqua, Propylene Glycol, SD Alcohol-40B (Alcohol denatured with 0.0006% Denatonium Benzoate), Aloe Barbadensis Leaf Extract, Salicylic Acid, Triethanolamine, Phomocryethanol (and) Methylparaben (and) Butylparaben (and) Ethylparaben (and) Propylparaben
